## LAYOUT PRODUCT AND TOOL REQUIREMENTS

NON-STICK CRAFT SHEET | CIRCLE PUNCH: 3/8", 1/2", 5/8" 1", 1 1/2", 2 1/2" | INK BLENDING TOOL WITH FOAM AND FELT | HEAT TOOL  
 REDESIGN METALLIC SHEEN ACRYLIC: BLUSH CHROME | TIM HOLTZ ALLOY: STERLING | DISTRESS FOUNDRY WAX: STATUE, STERLING  
 PAINTBRUSH | DISTRESS MICA STAIN: FROZEN FOG, YULETIDE | BRILLIANCE PIGMENT INK: GRAPHITE BLACK

## TECHNIQUES: PD4810 WORD SENTIMENTS

### LANTERN AND LEAVES

Apply *Blush Chrome Metallic Sheen Acrylic* with an ink blending tool and foam to chipboard. Heat set. Apply *Statue Foundry Wax* to craft sheet and apply wax to leaf and lantern circle areas with a paintbrush. Repeat with *Sterling Foundry Wax*. Heat set for *Foundry Wax* to shine and set. Lightly spritz some areas of the leaf section with *Yuletide Mica Stain*. Remove excess with roller towel. Heat set. Apply *Graphite Black* ink to areas with an ink blending tool and foam, blending ink particularly around leaf edges. Apply a few drops of *Sterling Alloy* onto an ink blending tool with felt. Lightly swipe over areas to highlight, taking care not to cover *Foundry Wax*.

### SPARKLE & SHINE | MERRY | CHRISTMAS

Apply *Hickory Smoke Distress Stain* to chipboard ensuring engraved areas are inked. Heat set. Lightly spritz *Frozen Fog Mica Stain* to 'CHRISTMAS' removing excess with roller towel. Heat set. Apply *Sterling Alloy* to craft sheet and allow to dry. When dry, swipe a dry cloth over Alloy as if cleaning the craft sheet and then wipe chipboard words with cloth, leaving a shiny metallic finish to word sentiments.

### SMALL BRACKET

Apply *Blush Chrome Metallic Sheen Acrylic* with an ink blending tool and foam to chipboard. Apply *Sterling Alloy* to felt on an ink blending tool and lightly swipe areas. Optional: apply *Foundry Wax* to areas and heat set.
