TECHNIQUES ON CHIPBOARD EMBELLISHMENTS

PD4260 WORD SENTIMENTS

FUN | AWESOME

Apply *White Gesso* with an ink blending tool and foam. Heat set.
 Apply *Tarnished Brass* and/or *Antiqued Bronze Distress Stain*. Heat set. Apply drops of *Alloy Alcohol Ink* directly onto word sentiments. Apply *Alcohol Blending Solution* to an ink blending tool with felt and apply it to word sentiments.

PD4262 LET'S CELEBRATE SOMETHING TODAY

Cut word sentiment from outer frame and circle.

OUTER DECORATIVE FRAME

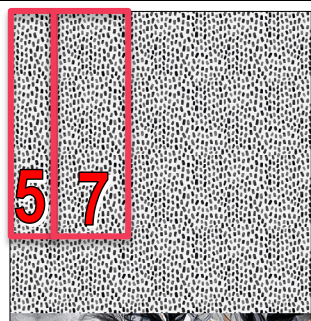

Apply *White Gesso* with an ink blending tool and foam. Heat set. Apply *Tarnished Brass* and/or *Antiqued Bronze Distress Stain*. Heat set. Apply drops of *Alloy Alcohol Ink* directly onto word sentiments. Apply *Alcohol Blending Solution* to an ink blending tool with felt and apply it to frame. Apply *Foundry Wax* with your finger to areas on frame, particularly on the inner circle edge. Heat set for wax to set.

LET'S CELEBRATE SOMETHING TODAY

Apply *Black Soot Distress Spray Stain* to chipboard, ensuring ink covers engraved sections. Apply *Alloy Alcohol Ink* with felt on an ink blending tool. Apply additional *Black Soot Distress Spray Stain* and dab excess with a wet wipe.

Distress Foundry Wax is designed to create luminous metallic highlights on porous and non-porous surfaces. The fluid wax transforms into a vibrant metallic finish once heat is applied. To use, shake bottle until mixing ball rattles and pigments mix. Can be applied with a dry paintbrush.

Tim Holtz Alloy Alcohol Inks are reflective metallic acid free inks specially formulated with unique metal powders to create intense metallic highlights when combined with Alcohol Inks and Alcohol Blending Solution on non-porous surfaces.
